

Story Time

New Perspectives on Old Stories

Don't stop me if you've heard this one...

Noah & The Ark

Genesis 6-9

Did You Know?

1. It took approx. 100 years to build the ark.
2. The ark was 1/3 of the Titanic's size.
3. Noah's family was on the ark 12½ months.
4. First family to eat meat & drink wine.
5. 300 cultures speak of a catastrophic flood.

It was by faith that Noah built a large boat to save his family from the flood. He obeyed God, who warned him about the things that had never happened before. By his faith Noah condemned the rest of the world, and he received the righteousness that comes by faith.

- Hebrews 11:7

**Noah was a great example
of faith, but this story highlights
the God we believe in who is
the same yesterday, today,
and tomorrow...**

**We believe in a God who
knows the heart of humanity;
grieves our wickedness and
blesses our righteousness.**

**We believe in a God who
prepares us, protects us, and
provides for us as we navigate
the difficulties of life.**

**We believe in a God who
creates and still controls the
animals of land, sea, and air
and all the forces of nature.**

We believe in a God who invites us to be part of His plan, cultivating goodness and righteousness in the world.

**We believe in a God who
gives commands and keeps
covenants, proving to us all
there is hope in tomorrow.**

My Favorite Part

*Then the LORD closed the
door behind them.*

- Genesis 7:16

A Precursor To Christ

**Just as the LORD closed the ark door
providing salvation to Noah's family,
He also opened the tomb of Jesus
offering salvation to all of humanity.**

When we think of all the incredible ways God showed up in the story of Noah's Ark, we must also remember that He's still showing up today.
